

**World Food Forum  
October 17-21  
Rome**

We organize the book exhibition at the World Food Forum at FAO headquarters in Rome October 17-21. It takes place in the huge entrance atrium lobby, with conferences and presentations by authors in the conference rooms. The selection of books reflects the focus on Food Sustainability, Climate Change, Youth and Indigenous Peoples. FAO has up to 10.000 participants in this annual World Food Forum.

Our book exhibition is a follow up on a similar exhibition and event that we organized in March 2019 at UNESCO headquarters in Paris, before the pandemic.
