## The WFD Activity Book "Food Heroes" at the exhibition of Food & Drink Sustainability reports!

Sweden, 01/09/2020 - 09/11/2020

In celebration of World Food Day (WFD) 2020, Uno Agorelius, a thirteen-year-old from Grythyttan, Sweden, printed the WFD Activity Book "Food Heroes" to include it in the first world exhibition of Food & Drink Sustainability reports, at the Alfred Nobel Museum in Karlskoga, Sweden. The exhibition focuses on sustainability in the food and drink sector, and this year's WFD Activity Book explores a similar theme. Uno will promote the exhibition so that his classmates and their families visit it and will be able to see the WFD Activity Book prominently on display!
